Subject: FW: Storage Vessel Applicability

Hi Bob,

This is the issue I spoke to you about storage vessels in Oil and Gas last week. If you recall, Rob and I believe that OCE is well informed and can handle it, but since compliance monitoring is also an issue, I think that Martha should be included.

I suggested to the staff lead that they invite Martha to the meeting with Apple and Penny.

So we will need to get 30 minutes on Martha's calendar to discuss the issue. Tomorrow perhaps? Or we could anticipate that Martha will want to discuss with David and put it on the MAMPD agenda for tomorrow, as an add-on?

I can put together a one pager by COB today. I had hoped to have one more staff level meeting (I scheduled it originally for this Thursday but moved to next week at OAQPS' request) before briefing it up...I also asked Apple what she thinks she needs in preparation for the meeting and will let you know.

Subject: RE: Storage Vessel Applicability

Hi Marcia,

Just had a meeting with Penny on this and wanted to get back with you. Steve has told me not to have any additional staff level discussions on this topic until Penny and Apple have talked. If you have any questions, feel free to reach out to Steve. (919) 541-2837
